

## Painted Halloween Jars

These are scarecrow and pumpkin decorated electric tea light holders.

### Materials

recycled jar and lid  
spray paint (see instructions for colours)  
raffia, flowers, and other decorative elements, as desired  
clear sealer (optional)  
electric tea light

### Instructions

1. Wash and dry a jar of any size. Remove labels.
  2. Spray paint jar and lid (flesh, beige for Scarecrow, terracotta or orange for pumpkin). Allow to dry.
  3. Glue lid (inside facing upward) to top of jar.
  4. Decorate face as desired using paint pens or craft paint.
  5. Spray lightly with a clear sealer to keep paint from scratching.
  6. For scarecrow, glue raffia around brim of hat, trim for bangs. To make hat, decorate a straw hat with artificial flowers, buttons and ribbon to your liking. Attach hat to lid.
  7. Place electric tea light on lid.
- Made in a variety of shapes and sizes, these look adorable on a mantle or porch. They can be used year after year!
